THINGS TO BE A PART OF AT CIB

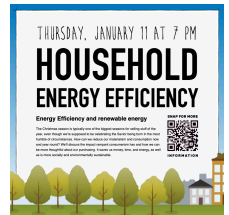

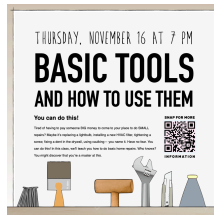

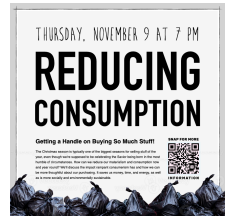

Basic Tools (And How To Use Them)

This Thursday, November 16, 7PM

Tired of having to pay someone BIG money to come to your place to do SMALL repairs? Maybe it's replacing a lightbulb, installing a new HVAC filter, tightening a screw, fixing a dent in the drywall, using caulking— you name it. Have no fear. You can do this! In this class, we'll teach you how to do basic home repairs. Who knows? You might discover that you're a master at this. All classes are free and open to the public.
